The Provident Bank Foundation was established in 2003 with the intent of supporting not-for-profit groups, institutions, schools, and other 501(c)(3) organizations that provide valuable services to the communities served by Provident Bank. The Provident Bank Foundation is committed to strengthening and sustaining its relationship with communities in the [Bank's marketplace](#).

Overview and Purpose

The primary purpose of a Community Grant is to increase access to funding and strengthen the capacity of community-based organizations. These grants provide important support for needed services to diverse communities.

PBF funding directly supports efforts to enhance the quality of life in the New Jersey and Pennsylvania communities served by Provident Bank through three Funding Priority Areas: Community Enrichment, Education, and Health, Youth & Families.

Community Grant Funding Priority Areas

PBF funds applicants who are prepared to address a need aligned to PBF's Funding Priority Areas. Community Grant applicants must measure their program's impact in a manner appropriate to the selected Funding Priority Area.

Funding Priority Area	
Community Enrichment	PBF's giving focuses on programs that drive economic development, contribute to a more well-rounded community experience, and provide increased access to information and specialized learning opportunities.
Education	PBF's efforts support innovative programming that expands access to, and improves the quality of, well-rounded educational experiences for people of all ages.
Health, Youth & Families	PBF's contributions aim to ensure people of all ages and means have the ability to improve the quality of their lives, including having a safe place to live and access to quality healthcare.

To apply for a Community Grant, eligible organizations **must** submit an Application which will be reviewed for alignment with the programmatic priorities of the Community Grant.

PBF will review requests on a rolling basis throughout the year. PBF will use its best efforts to communicate responses within 90 days of receiving the Application.

Scope

Program objectives correspond with the purpose and intent of the Community Grant and the selected Funding Priority Area.

Need

An immediate need is identified within the community served, and the program realistically addresses the need.

Reach and Community Served

Demonstrates potential to reach significant numbers of community members. Information regarding the number of individuals, specific city or cities, neighborhoods, or communities that your proposed program will serve must be provided.

Grant Acceptance and Payment

After a grant has been approved, an award letter along with the grant check will be delivered to the grantee at a scheduled check presentation. The grantee will sign the award letter and keep a copy for its files and return the original, with an original signature, to PBF as proof that it agrees to comply with the terms and conditions of the grant. PBF refers to this as the Acknowledgement Receipt.
